Descrizione

EN
Highfield UL 340 (Ultralite) aluminium RIB with Valmex PVC tubes - capacity 5+1. No engine fitted - max 20hp - Morgan Marine can supply a suitable new or used outboard engine. Their light weight make them a real alternative for those who may have chosen a soft bottom tender in the past but would prefer a hard hull for its performance. Ultralite tenders are roomy and strong, yet light and easy to transport. These little boats can be launched and recovered by a single man and are easy to be transported on a roof rack. You will be impressed by their obvious quality level. The excellence of the finish only compares the detail of the ergonomics. The simple layout is combined with an uncluttered design and numerous standard accessories complete the picture. This is a brilliant rib for all of the family offering plenty of seating, high equipment level and great performance. Design category C. Please note images shown may not match specification.

Deck: Light grey PVC Mehler tube: 44cm diameter. Welded seams. Flush mount non-return valves, High Tensile chromated and power coated aluminium hull. Self-draining deck. Removable seat. Lifting points and towing eye. Tow brindle points. Anti-slip deck. Light weight rubbing strake and full length keel guard.

Machinery: No engine supplied. Morgan Marine have new and used outboard engines in stock. Recommended engine - 15hp. Maximum engine - 20hp. Shaft length - short.

Trailer: Morgan Marine can supply a suitable trailer or launching trolley - at extra cost. Please call 01206 302003 for options and prices.
