# Description

EN

Steel monohull with a split-level floor

Good sailing steel or aluminum ship. The split-level creates a nice big roof terrace where the steering position has a good overview of the ship. The drive is electric, but you can also get a non-sailing version.

NL

Stalen monohull met een split-level vloer

Goed varende stalen of aluminium schip. Door de split-level ontstaat een mooi groot dakterras waarop de stuurstand een goed overzicht heeft over het schip. De aandrijving is elektrisch, maar u kunt ook een niet varende versie krijgen.

## Accommodatie

Slaapplaatsen: Vast:4, extra:2.

DE

Stahl-Monoschiff mit Split-Level-Boden

Gut segelndes Stahl- oder Aluminiumschiff. Durch die Split-Ebene entsteht eine schöne große Dachterrasse, auf der der Steuerstand einen guten Überblick über das Schiff hat. Der Antrieb ist elektrisch, aber Sie können auch eine nicht segelnde Version bekommen.

FR

Monocoque en acier avec un plancher à deux niveaux

Bon navire en acier ou en aluminium. Le split-level crée une belle et grande terrasse de toit sur laquelle le poste de pilotage a une bonne vue d'ensemble du navire. La propulsion est électrique, mais vous pouvez également obtenir une version sans voile.
