Description

Customizable Boat: Fort Lauderdale

AIATA Wayfinder 38 Cabin

Twin Motors

Wayfinder 38 combines luxury with practicality in an effortless and natural way. Its distinctive S-line along the side catches the eye in the harbour but it’s the exceptionally spacious interiors that truly set it apart.

Wayfinder 38 stands out with its revolutionary modular design, allowing for complete customization and adaptability even after purchase. Understanding that boaters' needs and life situations evolve, Wayfinder 38 is built to change with you.

Today, you might desire an open-top boat for sunny adventures, but next season you may prefer the comfort of a cabin. With our innovative modular design system, you can easily make these changes and more, ensuring your boat always meets your current needs.

Wayfinder 38 features a wide bow with a pronounced flare, creating more space and giving the impression of a larger vessel. Every detail, from the high level of finishing to the quality materials used inside and out, gives the boat a refined and polished look.

The interiors of Wayfinder 38 are designed to feel homely and inviting, with extensive use of wood creating a warm and comfortable atmosphere. High-quality materials and finishes ensure a classic look while maintaining a simple aesthetic.

High bulwarks, ranging from 60cm to 1m, offer a secure and reassuring environment on board. The bow’s flare and the innovative second chine design help keep the deck dry, enhancing comfort and safety during navigation.

Please note, stock images are included. Some features depicted may not be included.

Engine 1

- Honda/Mercury
- 300-400
- Outboard
- Gas/Petrol

Engine 2

- Honda/Mercury
- 300-400
- Outboard
- Gas/Petrol

Modularity

The modular design of the Wayfinder 38 gives boaters exceptional flexibility to adapt their boats to changing needs, even years after purchase. With this innovative approach, you can, for example, transform the bow area from a large sofa unit into a sun bed, reconfigure the aft area from a wetbar to additional seating, or convert the cabin from a closed configuration to a sun-top. This level of customization ensures your boat evolves with your lifestyle, offering functionality and versatility like never before.

The Wayfinder 38 has three options: Cabin, Open, and Fishing.

The Cabin model features a thoughtfully designed wheelhouse with an L-shaped salon, an integrated galley, and luxurious teak furniture. The cabin includes a queen-size bed, an enclosed bathroom, and innovative mechanisms that enhance the livability of the interior spaces.

The Open model is ideal for open-air excursions. It offers a seamless connection between interior and exterior spaces, complemented by refined oak furnishings for a sophisticated touch.

The Fishing model is tailored for sport fishing enthusiasts. It features ergonomic layouts and practical features while maintaining the boat's luxurious feel.
